

CALL FOR ABSTRACTS

Theme: From the Bench to the Bedside

ECSACOP and the National Physicians Association of Zimbabwe are calling for abstracts for the upcoming Conference and AGM in Victoria Falls from the 31st of August to 2nd of September 2023. The deadline for abstract submission is the 30th of June 2023. The theme of the conference is **From the Bench to the Bedside**, and we are looking for calling for abstracts under, but not limited to this theme. This can be original research, a perspective, or a proposal to give a clinical talk.

We are particularly interested in submissions under the sub-themes listed below, but we encourage members to submit any of their work for consideration even if it cannot be classified under the theme. We are also calling for members who want to give clinical talks to put forward the proposed topic, and a brief paragraph outlining the talk. We are particularly interested in talks that attendees can immediately go and implement in their daily practice.

Please send all abstracts to abstractsecsacop2023@gmail.com

Subthemes:

1. Climate change and its impact on health
2. Innovations in medicine and telemedicine, and application of data and technology to internal medicine in the 21st century
3. Upscaling and increasing research and publication of data in the ECSA region
4. Implementation Science – How best to bring research findings to the bedside

Research Abstract

Guidelines

Title

Authors (Please underline the presenting author/co-presenting authors) Insert full names and affiliation.

Contact information for the presenting author.

Text: Introduction, objectives, methods, results, discussion, conclusions (400 words maximum)

Perspective/Clinical Talk Guidelines

Proposed Title
